[Esttheerr](#) [Block User](#) Stunning!

[quasiorcor](#) [Block User](#) I'm almost done with this piece. I promise is not that hard. If you get used to the rythm and the figure of the melody it wont be that hard. If you master one scale with the left hand you will master extremely fast the other ones. The technique is always the same.

[luluwop](#) [Block User](#) Just picked up the sheet music for this..... and that was a lot to live up to!!

[NorthZephyr](#) [Block User](#) how can i play epic like this

[louismarcil](#) [Block User](#) train train train... and then train again until you get it right. and when you get it right, train.

[ChronoMagnium](#) [Block User](#) Thanks for the top camera view :) I was having difficulty learning how to finger the fast segment this but now I see the correct way to play it XD

[6blueflow](#) [Block User](#) Very good! It makes me want to learn it! I'm starting right now! :D

[missmusterfrau](#) [Block User](#) it's wonderful ;) was it hard to learn it?

[kandrakar14](#) [Block User](#) @missmusterfrau not even two weeks for me ;)

[DeathsBreathOnYaNeck](#) [Block User](#) so...how, the, hell, you, can, do, that...i simply love it, good job :) 2 🍀

[jojo4400garfield](#) [Block User](#) the little break you make at the beginning of every emphasised note is really strange (00:43 - 01:14)...it sort of turns it from 3/4 to 13/16 :(plus you left out 16 bars at the end... and your camera is shaking... other than that its nicely played... you should definitely make a new version though

[theblackblind](#) [Block User](#) Wow! contratulations!.

Precioso!

[RudieDan](#) [Block User](#) This smashing hot ...beautiful... good fingering skills! Really love it!

[misterfrancois](#) [Block User](#) I think you play too strong the beginning, but you play well!

[mrzelda8](#) [Block User](#) [@pinwinn90](#) lol i agree but at the fast part, if i were recording, i'd rather spend the time to think really intense on what im playing lol!

[hunterhalo2](#) [Block User](#) played well, tape a cloth/tissues over the mic next time you record, it will help keep it from washing out and recording like mud.

[HeyJude1313](#) [Block User](#) not too fast but kinda heavy. a bit more emotional playing please. :)

[Puiker](#) [Block User](#) It's not too fast, his timing is not always correct.

Great.... simply.. Great!

[Sliv3r](#) [Block User](#) *Comment removed*

[AakwardAardvark](#) [Block User](#) I think you play this alot like i do, i think you are very good but when i play it i have trouble on the accents and for me it is easy to lose the melody

[BarnabasFolk92](#) [Block User](#) [show](#)

[THELOCKNESS101](#) [Block User](#) Noooo!!!!, I meant that arpeggios are ridiculously hard to play. You took the wrong prospective at my comment. I give so much respect to you becuase you can play this beautiful song. The arpeggios are the only problems I have while trying to play this difficult song, which I am currently learning. Sorry for the miss understanding. 2

[iraiscoming223](#) It's my turn to apologize, I just misunderstood your comment... =)
I hope you will find your way through the arpeggios and I'm looking forward to see a video of you playing this song (and I do really hope it will

better than mine!) :D
greetings from Italy, and sorry again!
Marco

[THELOCKNESS101](#) [Block User](#) The arpeggios are ridiculous.

[iraiscoming223](#) Well, I'm conscious this is not a well-played version of the song, and I can deal with it. I read dozens of comments a week, and I appreciate them. Most of them are critics, and I appreciate them too. As long as they are constructive. Sad to say that your comment is absolutely useless and meaningless.

Oh and thank you everyone who posted, I don't miss one comment! I'll try to improve, and maybe one day I'll post a better version! :)

[THELOCKNESS101](#) [Block User](#) *Comment removed*

[Neppii93](#) [Block User](#) i don't know why, but it doesn't sound really great. The hard part is not really good played. The rhythm is a little bit incorrect

[9770187786](#) [Block User](#) the rhythms in right aren't correct and left hand is played one octave too high almost all the time.... this is not great (: 2 👍

[Vorarlbergerhardjump](#) [Block User](#) Dude shut the fuck up this cover is soo amazing...do it better if you say this isn't right and not great!

[cicerojunior90](#) [Block User](#) Amazing cover 2 👍

[natalia6646](#) [Block User](#) sos un ídolo

[Vorarlbergerhardjump](#) [Block User](#) The best cover on youtube! 10/5* + subscribe

[ShutYourStinkingTrap](#) [Block User](#) lol

[Vorarlbergerhardjump](#) [Block User](#) lol? 2 👍

[ShutYourStinkingTrap](#) [Block User](#) It's just the way u said...or wrote it lol. "+ subscribe"

[bentruong3](#) [Block User](#) *This has been flagged as spam show Not Spam*

[op10no4](#) [Block User](#) B-E-A-U-T-I-F-U-L =D 2 👍

[larissaocfs](#) [Block User](#) lindooooooooo 2 👍

[bentruong3](#) [Block User](#) lol better than my cover.

plz go check out mine. :] 3 👍

[ducttapeOO7](#) [Block User](#) why would I check out yours if it's worse than this? 2 👍

[bentruong3](#) [Block User](#) cause i play it different. the timing on this one is alot different. and im just being modest :p

[FruityIsland](#) [Block User](#) What are you talking about?!?!?!?! Your piano cover is GREAT!!! Just you can here this piano better than yours.

[cherryapplebanana3](#) [Block User](#) yours is AMAZING!!!!

[demon81818](#) [Block User](#) THIS IS AMAZING

[xBattleGnomeGirix](#) [Block User](#) this is awesome !
i know everybody sas make it slower etc. which is right of course, BUT i just learnt this piece too and reconized that it is VERY hard to KEEP it in an equal speed :s xDD .. u did a great job, i know only ONE better cover on youtube :D !

[XoALiSSAaNNe10](#) [Block User](#) I think it's amazing that you can play so quickly, but this song as a bit slower around 0:44 than you played. But it was still amazing. You are most definitely talented!

[Eiskalt123](#) [Block User](#) Well you can play that song. But your dynamic is really bad. I'm missing your soft touches of the notes! You started with 110% and it raises to 280%. Start with 40% and raise it to 70-90%. This would advance your record!

So don't beat the notes. Let them live together in harmony. Soft and before I forget it: SLOWER! The whole song comes just to your heart or the song comes better while playing and hearing it slower.

[Mistrías](#) [Block User](#) Next time please, PLEASE make a slow and slower tutorial THANKS haha

^_^

[espe221962](#) [Block User](#) his hand is very mechanic
he or she needs to feel the acords 4 👍

Losmster5 [Block User](#) That is touching!

arcimagess [Block User](#) Two last motives are an octave higher than they should be which makes it EVEN harder to play. 4

Jensbolte [Block User](#) [show](#)

Eiskalt123 [Block User](#) exactly. I dont know why some of you gave him a bad thumb ... It's just the truth.. Can't understand why you don't accept this.. 2

galatee08 [Block User](#) Pfiou, comment vous faites. J'ne fais que la partie lente, le reste, mes doigts ne suivent pas. ^^

NtGSanitoeter [Block User](#) you have to be more mindful of your dynamics, especially in the second part it doesn't sound that great if you play everything on an equal volume level. furthermore you have to mind the transitions, maybe play a little bit slower, it sounds a bit weird this way. but elsewhere good job 3

kimyo13 [Block User](#) Precioso!

albertoperugini [Block User](#) I need that partition! Do you think you can send it to me? ^^^

jlee61n [Block User](#) i want download this song where you guys find this song

sesshoumaru4me [Block User](#) beautiful, indeed one of the best covers here.

bek2k1 [Block User](#) agreed. keep up the great work. I'll be using your vid to learn the song :D

r0m12 [Block User](#) It's a shame that you cut off the final part cause you're actually the best cover on youtube ;)

JVG16 [Block User](#) man that was great...! 2

zafeirenia [Block User](#) Congrats! Very good!

iloe [Block User](#) respect 2

mara5188 [Block User](#) great! really!
i'm learning this song at the moment.. oh no i TRY to learn this song at the moment.. but i have no teacher so it's not really easy

Zapotaya0025 [Block User](#) very good ! 11/10 I love!
It's so very beauti !

hierismijnnaamdan [Block User](#) ja beetje snel hea.

ikbenjood [Block User](#) Misschien een beetje ja, maar het lijkt volgens mij zo.

Ojacie0 [Block User](#) could you like do a lesson video for this song? D: i can't find one anywhere and i really want to learn it....please and thank you :)

p.s amzaing job!

stockshunter [Block User](#) i learned the beginnings of mad world, rhiana (umbrella), happy birthday and evanescence from youtube. Each lasting 10 seconds, and were not complex. How long do you think it will take me to learn this masterpiece please?

Shrimp0kUgel [Block User](#) The beginning you will learn in like two days or something.. But the second and third part, will take a longgg time..

cutram [Block User](#) i just wanna say that i agree totally with what HRH2b said, this is the kind of stuff people should be listening to here in england.

stockshunter [Block User](#) as opposed to?

HRH2b [Block User](#) I wish I could listen to this with someoneone that appreciated it as much as I do

Cr4zyH0r5e [Block User](#) Thx a million for postin from this angle. I couldn't figure out how to place my fingers on the arpeggios. =)

alhykeys [Block User](#) It's good!
I just think you were a little bit faster than the original one

setler77 [Block User](#) je timing en je snelheid zijn niet goed
te haastig probeer meer af te werken
want dit klinkt slordig
groetjes

drieske333 [Block User](#) tenzij je zelf iets beters kan lante zien dat ook echt van jou is, reageer dan gewoon helemaal niet :)
want dit verstaat deze persoon toch niet, dus heb je er niks aan ;)

[AbiMaster95](#) [Block User](#) In the part of 1:21-1:29 your left hand is one octave too high. :)

[FabioVoice92](#) [Block User](#) you are right! =)

[Koblarej](#) [Block User](#) your piano needs to be tuned.

[pivotkidsidewinder](#) [Block User](#) i hate to critique, but your second arpeggio is off. your one octave high. it starts on D with your left hand, one octave lower. nothing you cant fix. Check the sheets.
Cheers

[kiir33](#) [Block User](#) doh.. I really want to play this song, but I should probably wait until I get better.

[kiir33](#) [Block User](#) Is the song very difficult to play? <3

[Mademoiselle267](#) [Block User](#) Yeeeeeeeeeeeeeeeees

[Dagorick](#) [Block User](#) not really, if you take it part by part, it's really easy to learn ^^

[Ajaxx15](#) [Block User](#) It is easy to lern, but dont be too optimized;) your coordination and independence should be on a very high level...

[Dagorick](#) [Block User](#) ^^

I didn't take any class and i'm able to play it :P
It took me like less than a week to learn all the parts, and a little more partice to learn to play the two hands together :P

[pietsafriet](#) [Block User](#) Haha, wait 'till you get to the last part then ^^ It's hard, really..

[Roelbmx](#) [Block User](#) can't****

[Roelbmx](#) [Block User](#) i learned to play comptine D'un Autre ete threw a youtube movie filmed the same way. i'm going start to pratcice this play rightnow! looks very hard tho. and i can read music.

[Virka81](#) [Block User](#) Grandel! 4 🍷

[cyberghost2000](#) [Block User](#) I am a 40 Yrs old man from Mexico City, I've always wanted to play piano since I was a kid, do you think it is a little late? 3 🍷

[berlincitymec](#) [Block User](#) never to late... 3 🍷

[AzngameFreak03](#) [Block User](#) To play this song... It is never to late...

To experience this song mind, body, and soul...

It is never to late my friend... 3 🍷

[iraiscoming223](#) I completely agree with the users they have already answered your question! Come on, go ahead, we are listening! :)

[buddydog1956](#) [Block User](#) No ! absolutely not! I'm 53yrs old...I started when I was 33...classically trained...and it will be something no one will ever take from you! Go For It!
Vaio con Dios, my freind!

[maxwellal](#) [Block User](#) Muito bommmmmmmmmmm!!!

[Lordinchen](#) [Block User](#) only three words are in my mind when I see that: YOU ARE AMAIZING! 3 🍌

[IAH27](#) [Block User](#) This is better than the stupid guy that just use youtube to sell his music.

[hannahprude](#) [Block User](#) my god.. that is just.. amazing? i'm completely mezmiserised by your hands.. and how fast you can move your fingers.

[oskiex](#) [Block User](#) thank you so much this was a lot of help...

[majamory](#) [Block User](#) WOW<3

[BitterSweetUpriser](#) [Block User](#) I'd like to have the sheet or midi for this :(I want to play this sooo badly!

[Rachh1230](#) [Block User](#) ahhh im having mega trouble with this piece, its the fast bit that i just cant seem to get the timing right. youre insanely good! x

[Edi1994](#) [Block User](#) Well Done! Sounds beautiful! I'm going to practice this song too tomorrow, when my new Piano arrives. Nice piano too!

[215334898](#) [Block User](#) nice hands :)

[Butterz771](#) [Block User](#) im having trouble with the pedal on this song.. anyone help?

[KoeckjesXZijnXLekker](#) [Block User](#) It's a little bit to fast! In the beginning it's a 16 note but after that its 8! Keep it slow But still beautiful played :D

[88cloe88](#) [Block User](#) wooww! that's fast i'm learning it now but i'm not that fast yet :P

[onderterinka](#) [Block User](#) není pravda že čím rychleji, tím lépe... mě se to nelíbí

[Vitamink4](#) [Block User](#) your good

[shinka1911](#) [Block User](#) very well done :D

[kaitouchan](#) [Block User](#) I wish I could play like this.

[JustinChar1ton](#) [Block User](#) He took the time to learn this and he plays is perfect. If he wants to play it faster than the original thats fine because its his interpretation. Thats the beauty of creativity. Well done!

[sdpi](#) [Block User](#) you know what the problem is? Everyone always tend to play all the songs faster than they are. It's very common, sometimes it happens to me. That's why i said that.

This isn't a bad review, but a constructive criticism 3 🍌

[sdpi](#) [Block User](#) it's ok, but the only thing i'd changed would be the velocity. It's played too fast for me.

[Natsopaan1](#) [Block User](#) your brains can't keep up?

[doof321](#) [Block User](#) Yeah well played, but why are you playing that song this way? about 0:43 to 1:15 with the little breaks in it? I think it's still a valse, why don't you play it like a valse? ;-)) but if you like it this way, its ok

(sorry for my terrible english)

[Natsopaan1](#) [Block User](#) He's playing it his way, which is great.

[laaalaaa12345678](#) [Block User](#) i like it =)

[Izembeck](#) [Block User](#) wonderful!

[AquarianAscent](#) [Block User](#) I like it louder and faster.

I keep listening to this one. :)

[malteliebtluca](#) [Block User](#) the left hands is MUCH too loud that kills everthink and i agree too fast and u played loud all time u have great skills but too less emotions

[AquarianAscent](#) [Block User](#) Why are you popping up everywhere to criticise people's piano playing? You're starting to piss me off. Where is your video to demonstrate your skills?

Your English is terrible. 3 🍌

[chocolate0cheesecake](#) [Block User](#) HAHHAHAHAHAHAHA

[Xaera](#) [Block User](#) clam down. its his opinion and thats ok.

[chocolate0cheesecake](#) [Block User](#) i just think the "why are you popping up everywhere" is funny :)

[WritherInSilence](#) [Block User](#) I think he loves too, but his clams are still on the pit.

[muskovitch](#) [Block User](#) I agree with xdoris, you played the arpeggio part too fast. Otherwise it was very beautiful

[Mari4love](#) [Block User](#) its so beautiful!!!!!!!!!!!!!!

[godchilles](#) [Block User](#) thanks

[Irislovesnbb](#) [Block User](#) omg you're awesome!!!

[eilla333](#) [Block User](#) oh, god!! you're so great!!!! amazing!!!

[dartias](#) [Block User](#) very nice tnx for the lesson

[MrSandman004](#) [Block User](#) hehe, fuckup at beginning. :)

[kwejdodos](#) [Block User](#) GOOD!!!

[xdoris1992x](#) [Block User](#) You played this very well but way too fast I think, you should try playing it a bit slower and really hear what you play, put a bit more emotion in it
Still I think you did well, I just prefer it slower ;)

[SHERYNETT30](#) [Block User](#) Magnifique :o

[maurab13](#) [Block User](#) Wow.
Thats a really movie song.
I love it.

[Skatergal10](#) [Block User](#) Ok i can only play by ear and i can play this one and comptine dete....so i think you cam as well ;)

[Zupadupabanaan](#) [Block User](#) uhm... you rythm is kinda messed up...

[ben44544544544](#) [Block User](#) that was great man

[KCkatja](#) [Block User](#) i play 2 months.. and i play this song.. so i gues.. you can play this two with your two years experience

[GlobalSounds101](#) [Block User](#) okay great THANK YOU ^_^ i started with Comptine D'un Autre ete l'apres Midi on friday it's not took hard just the rhythm is kind of diffiult. 2 👍

[GlobalSounds101](#) [Block User](#) i've been playing piano for about two years is that long enough to play this song and Comptine D'un Autre ete l'apres Midi or are they too hard and i should wait for more experience?

[CantEatBabies](#) [Block User](#) I taught myself Comptine D'un Autre ete l'apres Midi in my first month. It's a really easy song, trust me.

[GlobalSounds101](#) [Block User](#) okay great THANK YOU ^_^

[dorokatsimma](#) [Block User](#) Easy! I started my career with Comptine, and then La valse D amelie as the second.
Actualy I learned the first part of La valse, and then I learned Le Moulin, and then I learned the 2 last parts of amelie.

[ZachyChan82](#) [Block User](#) Nice ;))
It looks as though u havent used the sheet though coz there r a few things uve done differently.
Took me like 2 months to learn it lol

[ventieltje07](#) [Block User](#) nice played!

[Sofoulaki](#) [Block User](#) i am trying to play like you do but at the fast part i find it a little difficult.but i will keep trying...
You play it excellent...congratulations! 3 👍

[InnocentMalin](#) [Block User](#) Bravo !! :-)

[westinenenale](#) [Block User](#) Toute une époque

[makita12](#) [Block User](#) nice job :D

[TheArcticMonkeyz](#) [Block User](#) gr8 job, I'm practicing on it now but the middle part is very hard. 3 👍

[SoulOFtheMAGICpiano](#) [Block User](#) I recently composed and uploaded two solo piano pieces. If you like Tiersen's style, maybe should you come and see mine (on my profile) and give my a feedback ! Thanks.

[iraiscoming223](#) I'll do it for sure! Thx! ;)

[manythingsrinmyhead](#) [Block User](#) VERY GOOD!!

[poudereden](#) [Block User](#) Incredible, great, you're impressive. Thanks a lot for this pure moment.

[smofproductions](#) [Block User](#) veery good but youre playing it too hard :] 2

[yerri15](#) [Block User](#) i'm jealous :P

[taylorouse](#) [Block User](#) you playing this makes me feel aggressive 3

[Joschepu](#) [Block User](#) woow very nice ;).

At the fast part, you have to play the notes you play with your thumb and pointing finger more softly, they are just for decoration. xD At least that is just what they thought me xD Goodluck ;) Beautiful

[12345Fok12345](#) [Block User](#) respect!!!!

it sounds like the original!!!

....i don't know why, but this song makes me cryable... 2

[12345Fok12345](#) [Block User](#) *Comment removed*

[Ridude765](#) [Block User](#) Perfect!!!! completly

[gelatintinman](#) [Block User](#) it almost sounds like you're playing it in 7/4. BUM taah taah BUM taah taah. Dance with the song! Listen while you're playing! Another thing, Sing the melody of the song! "d.. D C B, a..." Play those notes louder with your pinky, and be much more quiet with the EFEF trill.

I made a similar tempo mistake when i was learning the song. a lot of people seem to confuse volume changes with tempo changes.

otherwise, good job! post some more Amelie! 5

[sjorshonders](#) [Block User](#) the timing is not good man... play it one tempo with your left hand.. your right hand will follow the same tempo.. when you play it one tempo you play the song perfect. your fingers are fast enough

[ActimielGE](#) [Block User](#) Nice ! O_o

[Mantishong](#) [Block User](#) Tak i naprawdę chce to zrobić. Fajka jest w domu ?

[pianodiekanerwatvan](#) [Block User](#) You're a pretty good pianoplayer;)

[Wrabbles](#) [Block User](#) Man, Wow. I really love this song and I like your interpretation very much. How you speed it up, in my opinion it makes it even more emotional. :)

[kelp215](#) [Block User](#) it's ok but try to work on the timing

[IziuniAa](#) [Block User](#) Se genial..... ^_^

[Grenadouille](#) [Block User](#) Bravo !

[astraltrancer303](#) [Block User](#) how u use metronome?

farleigh17 Block User Do you think the quality of your piano is also not helping?

fiev59 Block User je ne laisse jamais de commentaires sur youtube mais là ca vaut le coup !! bravo!!

DjNightsentd Block User you should stop mixing up the speed, and u got some bad notes in there that is quite easy to hear.

o0oalealeo0o Block User Duh! It is quite good, enough to appreciate the song of the Master Yann Tiersen... do not be a pain!

mike301575 Block User Mixing up the speed is making it your own and gives emotion to the song.....-_-

granchio91 Block User i think it should be a lot slower than that, but was well :)

Freektii1994 Block User You have to play it a lot slower then you play now. But the first part and the last two ones are very good!

MSUSI24 Block User very nice.. it seems difficult =)

LinchenPeppels Block User at juud1013: I think it's the same. It's both not so easy but there isn't a big difference.

juud1013 Block User oh okay, i can play comptine d'un autre été (: and now for 2 days la valse and i think your right (=

juud1013 Block User by the way, at LinchenPeppels:

juud1013 Block User Wow, i love this song. i wanna play it to, but i don't have the notes, is La Valse mmuch more difficult as comptine d'un autre été?

laurarox01 Block User ya comptine d'un autre été is one of the easiest songs.

cisco1225 Block User oops. I meant I "have" lol. Type-o! ha ha.

emohairstylist Block User can you make a tutorial please(: i would be really greatful!

wiliscool Block User get sheet music noob

emohairstylist Block User some ppl can't read notes but can still play the piano idiot.. tts y tutorials EXIST!

Ridude765 Block User yea maybe some people can't read it, or haven't

ever had lessons. ill be playing piano a year sometime in january and i can play comptine D'un autre by D'amelie perfectly. i've never had lessons or any general knowledge on music reading.

[williscool](#) [Block User](#) You know whats funny, how you assume that that "L'apres Midi" is difficult to play. I sight read that song perfectly, its freaking simple. Learn how to read music, quit lying to yourself. Im so amused by the ridiculous amount of illiterate "musicians" there are on youtube. And its even more amusing that all of you like to stand up for yourselves and try to convince people that its ok to be illiterate.

[mad72](#) [Block User](#) i think people play music for the fun and for themselves and they put it on youtube to show what they have done...it aint all about reading sheet that makes u a great musician...its about how u play it...i guess that u dont get that which makes u nothing but an asshole and illiterate like you say so well

[williscool](#) [Block User](#) ohh im illiterate? Ok, thanks for your feedback.

[Ridude765](#) [Block User](#) oh so your mr.badass piano player. your probally some stuck up piece of shit who needs his ass kicked. don't think your so high and mighty that other people shouldn't even be aloud to play piano. im amused at the large amounts of dickheads like yourself on youtube. y the hell do you think it's "not ok" to do something you like even if you aren't great at it. if your insulting people who can't read sheet music then STFU. let them do what they want.people don't need approval from anyone else.

[williscool](#) [Block User](#) [show](#)

[Ridude765](#) [Block User](#) ok i know what your saying there. i would learn sheets if i could, you don't know how many times ive come across sheet music and just carved to play it but not be able to read it. i have to talent, honestly i do, but i never learned sheet music, and probally won't get a chance, ive looked for things online but still. reading sheet music is all i want to do, but i can't. i'll sympathize your veiw if you do the same for us who can't read sheet music.

[XqubbertX](#) [Block User](#) Hey i made a tutorial, and that's what started off my friend to be a great piano player.

Tutorials can make them learn fingering :D

[nooth84](#) [Block User](#) *Comment removed*

[williscool](#) [Block User](#) You cant read sheet music? As far as im concerned you cant play piano. Unless you are dyslexic, shut up, suck it up, and learn how to read music. Its not that hard.

[Xozny](#) [Block User](#) I don't think anyone gets any better at reading sheet music with when you're insulting them. If you have trouble with people who cannot read sheet music, keep it to yourself please. 2 👍

[williscool](#) [Block User](#) If they are using tutorials, they arent trying to get better. :-)

[Xozny](#) [Block User](#) You can improve other things than reading sheet music. Since I'm no fan of reading sheets myself nor watching tutorials I often watch someone playing to get a hum of how they are doing and then playing by ear. I think that's a pretty good way. If you just continue playing something you enjoy by using this method and maybe playing a more classical short piece using the method of reading sheet music once in a while, the reading will come sooner or later. No need to hurry. 3 👍

[SasuSaku1111](#) [Block User](#) it's called being an silent ear! So? I can't read sheet music either. But i play piano perfectly fine!

[williscool](#) [Block User](#) I bet you do. Good for you.

[cabelloTABACO](#) [Block User](#) c:

well said...

[cisco1225](#) [Block User](#) check my channel. Tutorial in the works. I half about half the song done already.

[Hendlefe](#) [Block User](#) I'm trying to learn this song atm and I look to your video for pointers. I'm still trying to learn the 2-hand version of the second page so I have probably a year worth of practice before I get it down lol.

Good job on the video, you have lots of dexterity. Like the other commenters, I think you are playing some parts too loud. If you listen to the original, which can be bought on iTunes, there is a lot more emotion. In the second page of the song, the left hand is barely audible.

[Xavoir86](#) [Block User](#) too fast..

[bigasspascal](#) [Block User](#) to fast, needs more emotion! :D^^

MORE DRAMA!:D

[AintEighteen](#) [Block User](#) Good, but some parts are too much loud...

[tino1569](#) [Block User](#) hi!!

first of all I want to tell you thank's I really enjoyed. and by the way I read all the comments related to this video, and I just dont understand people and you ! howcome you dont get angry when they say that bad stupid things?? your video was just amazing oh and the tennis thing hhhhhhh that's really funny! keep up and tell ItALY I said hello!
PS: my english is not perfect too!
sue

[iraiscoming223](#) LOL thx for the comment! :)

But... who said what?! :P Why should I get angry? There are good and bad comments, and I appreciate both, as long as they are constructive and give advices. If they just say "You sucks" I will simply ignore them, if they say "You're playing to fast, I don't like it" I will read them accurately! :)
Thanks everyone for posting and... tino.. greetings from Italy! ;)

[Blu3stars1](#) [Block User](#) CAN SOMEONE PLEASE MAKE A VIDEO THAT CAN GUIDE US HOW TO PLAY THIS SONG.. cause i really want to play this song but theres no guiding videos on how to play it!! =/

[tino1569](#) [Block User](#) waw

[laurarox01](#) [Block User](#) 0:43 the exact moment I realize it will be too fast for me to learn or try to sound out =p sad cuz i've really wanted to learn this one.

[senioux](#) [Block User](#) i thought that at 1:15 , it's frustating D:

[siwproduction](#) [Block User](#) Bonjour vous jouez très très bien je vous félicite ! mais esque vous pouver le jouer plus lentement pour que je puisse vous suivre au passage de la main gauche très vite je vous souhaite bon courage ! et jespère que vous pourré me le faire ! je vous en remercie

[MorphineFX](#) [Block User](#) agree it's kinda weird, looks like if it was 2 different people playing it lol, anyways good job.

dabeatmx [Block User](#) Awesome!!

diasdm [Block User](#) I think you speeded up in the second part. And, maybe, you could play a little softer. But well played. 3 🇺🇸

Girlishapdlvedrug [Block User](#) it became very messy and jumbled at times but there's no denying your mad skills!!

naomi9595 [Block User](#) Which song is more easy this one or comptine d'un autre été

iraiscoming223 [Block User](#) Comptine is easier in my opinion... Once you got the right tempo you're done! This one you should also have speed and good mobility (which I don't actually have)... :)

bcsab1 [Block User](#) [show](#)

osmiunqn [Block User](#) i agree 100%

very well!

just502 [Block User](#) Comptine is much easier.

Homaz [Block User](#) That was nice, dude! 5 Stars! 5 🇺🇸

Shegangen [Block User](#) you didnt cut off the final part-_-

spacediver256 [Block User](#) nice! but not very fluent to this tempo, maybe, it should be bit slower and more accurate. Anyhow, as long as I am unable to do anything like this -- bravo ;)

spicyhot231 [Block User](#) Hey man you have got some crazy skills...i have just recently started learned this song n im doing good right now. Your vid of the song is the best one on youtube. Check out some of my piano vids =). Btw I subscribed

LaDaBoULaDiLoU [Block User](#) Beautiful =)

opladom [Block User](#) ich hab probiert das zu spielen meine finger sind aber zu klein *heul* trotzdem wunderschön
5*

SinkingHigher [Block User](#) Whoa whoa whoaaaa. Wayyy too fast man.

You have amazing finger skills to play a song this complex that fast, but speed isn't everything. Infact, in can ruin the song. Which it is.

Don't get me wrong, you're obviously very talented, and everyone has their own interpretation, I just don't feel like fast tempo is right for this kind of song. 3 🇺🇸

d809 [Block User](#) slow down, it'll sound better. =P 2 🇺🇸

mrBults [Block User](#) good job, not perfect but still good job;)

eljosso [Block User](#) [show](#)

ddalizee [Block User](#) OMG! I adore how you sang it!!! Great job!!!

ashamosa [Block User](#) please! i need the sheets of this piece >_>...its very important, where can i find them?

janer14425 [Block User](#) the second chord you play should be a B not an A if you listen you can hear the difference but you play it nice

xlibiax [Block User](#) good job girl, it was amazin

beckhank [Block User](#) That was great! it's not that it doesn't sound good the piano's just a slightly out of tune that's all, great job keep it up! :D

irenamiept [Block User](#) your piano doesn't sound good to me but you play well, only the piano sucks

naxinka [Block User](#) excelent, how long did u train to play it like in this movie? :D

21Ruby21 [Block User](#) Je suis d'acord avec space tu vas un peu trop vite mais sinon Bravo =)

ahamright [Block User](#) i agree with charlita00, it's too fast. the introduction is ok, but you hurry the second part and you create a discordance. the song doesn't flow. the 3rd part is the "way too fast" one. but congratulatoins for learning the arpeggios, they were difficult.

Sharmenalisa [Block User](#) Very nice^^

Jessilein007 [Block User](#) wonderful

mhchaka [Block User](#) Very nice version! Have a look at my vids too please

spacesymphonia [Block User](#) si tu veux mon avis... tu vas un peu trop vite lorsque commence les doubles croches... si tu allais un petit peu moins vite ce serait plus joli ;)

charlita00 [Block User](#) it was much too fast... and the fingering was wrong. you overran yourself! and you didn't watch the rhythmic.. I myself play it slow and feeling. you need to watch the tact. but well done anyway!

biunoda [Block User](#) Beutiful!!!! I'd like to play like this!

Persiangerl1504 [Block User](#) *This has been flagged as spam show Not Spam*

Musicivity [Block User](#) Really Cool =D Well done. Check out my version if you have the time :D

UnderhillNik [Block User](#) HI lovely video... can ANYONE tell me in what order u should play your left fingers??? ...I really find it hard and I can't see in in your movie because of the blur and speed! THANX :D

Reth7ymno1988 [Block User](#) very nice!

youstupidfayce [Block User](#) Wow. You played that too fast. I couldn't enjoy the sound. And plus, it sounded very tinny. If you slow down, I'm sure it will sound way more beautiful. And lower the volume a few notches.

Joao91Neves [Block User](#) I just want the scores! As soon as you have them, pme please! thanks

iraiscoming223 Check the *comments* on my site, you'll find something useful (yes, the score) ;)

snuifertiee [Block User](#) can i ask you something, how young were you when you begin to start playing piano?

iraiscoming223 uhm... I was 9 I think... well, I'm not that good, trust me... I don't have technique at all, and if you don't trust me, ask someone who really plays piano as a pro! ;) It is just a hobby, in fact I've been taking lessons for just 4 years, then I "studied" on my own... ^^

snuifertiee [Block User](#) hihi allright :P
i want to learn it, but i have no experience at all, so it is a kinda hard for me :P but i'm trying!
it's never too late i guess!

fleur815 [Block User](#) se nota que nunca has tocado piano cest magnifique!! cest parfait!

bellabelliboo [Block User](#) this music is amongst the most beautiful of movie music 2 🍀

SophieNeveudancer [Block User](#) adreu7777...do you play piano??

boulogneuse [Block User](#) c'est trop beau ! j'en ai les larmes aux yeux ! bravo !!

jeroguz [Block User](#) magnifique!!!!!!!!!!!!!! 2 🍀

jkjkjj22 [Block User](#) ive been trying to learn this song for so many years now
i cant do the part past 1:15

jenscraen11 [Block User](#) You speed up a bit. Nice one though

anyways, well done

[SinkingHigher](#) [Block User](#) Hmm I have to say, I feel like your tempo was completely off. I don't mean to sound harsh, but the first part was a little slow, yet the right hand was played rough and the spacing between notes was sometimes too long and sometimes too short. The rest of the song was way too fast. Honestly, it sounded like you just really wanted to get out of there.

Try playing the notes softly. I don't know what the terms are, but just be a little more gentle with it, like it was meant to be played.

[iraiscoming223](#) hey SinkingHigher! I really have to say I've appreciated your comment. Although it was a critic, it was a constructive and useful one, and you really pointed to what actually happened when I played it... The fear of pressing the wrong key, and maybe something else, pushed me to increase the speed, messing up with all the tempo and so on... anyway, I'm practicing! ;)

Greetings from Milan and, again, thanks to you and to all other people posting kind comments here! :D

[2mohammad](#) [Block User](#) Wow, I must say this tone never comes through in the orchestra versions, this reaches a new emotional height...it is played a bit too fast.

[theristas](#) [Block User](#) can you sent me the music sheet pls ?

[feanaroalcarin](#) [Block User](#) maybe a bit slower could sound better, and in the last part (1:43_1:58) more piano sounds very nice

Good work ;)

[roshakur](#) [Block User](#) THANK YOU!!

[Lollypig](#) [Block User](#) I love...

Its so sweet...

Bravo, vraiment ;)

[AbhiZabhishek](#) [Block User](#) hey gd playing..dis is a reeli ard piece so well done :D...i think ure piano needs a bit of tuning..but i could b rong lol:P overall well dun. bits could b better but lyk i sed its a friggin hrd peice so well done! keep playin dude :D:D

[ziom007mc](#) [Block User](#) awesome ;) !!!!!!!

[abstractdavid](#) [Block User](#) NicE! Love you!!! haha

[Eisenblut](#) [Block User](#) I love Yann Tiersen for this beatiful song you did a good job :) but THE WHOLE PIANO IS SHAKING WHILE YOU ARE PLAYING =D =D =D

[ekoh8873](#) [Block User](#) isnt that the camera that is shaking?

[popole7](#) [Block User](#) This is obviously too fast, and because of this we're missing some important nuances.

[caarismaticaa](#) [Block User](#) Too fast!!! 2 🍌

[freakpurplepianist](#) [Block User](#) YOU ARE TOO FAST :(

[myrthevdberk](#) [Block User](#) [show](#)

[giiwii](#) [Block User](#) Well done! This video really helped me learn to play this piece.

On another note: I love the piano sections of YT, but quite frankly, I'm sick to the teeth of pretentious little pseudo-critics who feel justified in spewing their judgement of other people's music. You can't just walk up to a painter and say "HEY. You're doing your art wrong. your style is all weird and not like how I imagine it should be."

those of you who fit this criteria desperately need to deflate and sod off.

[joowoox](#) [Block User](#) AWSOME!!!! love it!!!! don't now if i can plsay it... but i can play Comptine D'un Autre ete l'apres Midi =) love yann tiersons songs =) they are SO good!!!

[marvingaye](#) [Block User](#) i think thats to fast.... you dont play it with sense...there have to be more emotions while playing that song.... in some parts u have to play slower and then faster.... but you are playing the whole song in just one tempo... sorry...but i dont like the way you are playing that song...

soon, i will post a video response to show you how u can play that song right... :) 3 🍌

[AntonDufwan](#) [Block User](#) Good played :D Although u have a really strange hand-position from time to time u play it super !

[pauppau](#) [Block User](#) I love your version.. you play really good piano! You're talented !!

And it's a good idea to have put camera like that.
Sorry for my bad english because I'm french so it's sometimes difficult :)

[EricEnvy](#) [Block User](#) How do you place & attach your camera, to get that top-down view ? Well played! 4/5.

[iraiscoming223](#) Ok, don't take fun of it.. I've just put a tennis racket right behind me with the net over the piano, and then moved the phone (this is what I use to take vids) so the strings are not seen in the video ;)

[patricialolita](#) [Block User](#) super video qualité parfaite merci beaucoup!!!!!! 2

[Hunuluku](#) [Block User](#) you piano has a fantastic sound !!! <33 2

[kenufeelthamusic](#) [Block User](#) Your piano DOES sound really nice! :D Is it an upright?

[hilariousfilms](#) [Block User](#) really???? don't grands have the best sound? i have a baby grand piano (which is what most people think of when they think of a grand piano) and i think it sounds better. just my opinion.

[CharlisBakleh](#) [Block User](#) yo serieusemt tes fuking bon men

[JonLew1138](#) [Block User](#) Very Good but a little sloppy and you keep speeding up but im sure you know that 3

[amelier92](#) [Block User](#) great play 2

[Dusaodstakla](#) [Block User](#) U jeboteeeeeeeeeee!!!!!!!!!

[chachou3111](#) [Block User](#) Wonderful <33

[dermitdermatte](#) [Block User](#) It's not sooooooooooooo wonderful as it is said here. When the tempo changes into 150 beats per hour you're playing the tones with your little finger too long. the rest ist good, nobody is perfect, and actually nearly everybody doesn't play the left hand in the ending part defined enough.

[fjollesmoll](#) [Block User](#) wow... 150 beats per hour is a really slow beat!! 150 beats per hour = 2.5 Beats per minute :D 4

[Slicta](#) [Block User](#) Good technically, but the fourth part (when both left and right hand are in the fast part) just before the slow end, you should play this part more softly. Check up the partition, you will see that I'm right ;-)

Another comment, take care with your rythm with the left hand at the beginning, this is a waltz, not a slow swing.

Continue ;-) 2

[KeikokuHotaru](#) [Block User](#) amo esa canción, y amo como tocas!

[celtic1985](#) [Block User](#) i do so love this piece lush piano and well played but cant help but feel you play it too fast check the others they are a bit less rushed.
still top playing :)
